“Maintaining a global viewpoint, we are dedicated to supplying products of the highest quality yet at a reasonable price for worldwide customer satisfaction.”

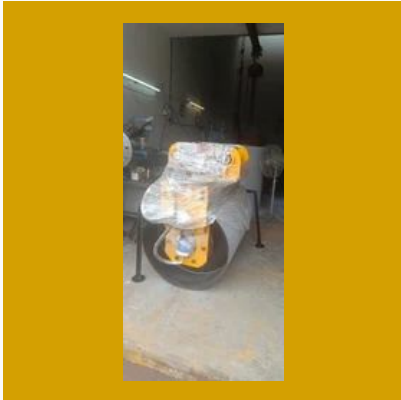

About Us

Incorporated in 2008, at Ahmedabad (Gujarat, India), we, "Ashwini Enterprise", are known as the prominent Manufacturer , Exporter and Service Provider of a qualitative gamut of **VAIBRATORY COMPACTOR ROLLER**. These products manufactured and designed with high precision in order to meet the set industrial standards using premium quality raw material and advanced technology under the supervision of quality controllers. The offered product range is widely acknowledged among our prestigious clients due to robust design, flawless finish, high durability, accurate dimension and sturdiness. Furthermore, we offer these products to our esteemed clients in various technical specifications at reasonable price range. Under the dynamic leadership of Tukaram Aarkel , we have achieved a reputed position in the industry. His constant levels of focus and promise have enabled us to serve to gain such a huge client base all across the country.
